| Hersteller               | Biorbyt                                                                                                                                                                              |
| Kategorie                | Proteine/Peptide                                                                                                                                                                     |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                    |
| Konjugation              | Unconjugated                                                                                                                                                                         |
| Produktbeschreibung      | Recombinant Human ALPP Protein with C-terminal 6*His tag...                                                                                                                          |
| Molekulargewicht         | The protein has a predicted molecular mass of 53.5 kDa after removal of the signal peptide. The apparent molecular mass of ALPP-His is approximately 55-70 kDa due to glycosylation. |
| UniProt                  | <a href="#">P05187</a>                                                                                                                                                               |
| Reinheit                 | The purity of the protein is greater than 85% as determined by SDS-PAGE and Coomassie blue staining.                                                                                 |
| Formulierung             | Lyophilized from a 0.2 µm filtered solution of 20mM PB, 250mM NaCl, pH 7.2.                                                                                                          |
| Target-Kategorie         | ALPP                                                                                                                                                                                 |
