## Product Datasheet

### **H1-0, N/A Antibody, IgG2a, Clone: [HH1/957], Unconjugated, Mouse, Monoclonal BYT-ORB388204**

|                          |                                                                              |
|--------------------------|------------------------------------------------------------------------------|
| Artikelname              | H1-0, N/A Antibody, IgG2a, Clone: [HH1/957], Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | BYT-ORB388204                                                                |
| Hersteller Artikelnummer | orb388204                                                                    |
| Alternativnummer         | BYT-ORB388204-100,BYT-ORB388204-20                                           |
| Hersteller               | Biorbyt                                                                      |
| Wirt                     | Mouse                                                                        |
| Kategorie                | Antikörper                                                                   |
| Applikation              | FC, IF, IHC, WB                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                            |
| Immunogen                | Recombinant full-length human H1F0 Histone H1.0 protein                      |
| Konjugation              | Unconjugated                                                                 |
| Produktbeschreibung      | Mouse monoclonal antibody to H1...                                           |
| Klonalität               | Monoclonal                                                                   |
| Klon-Bezeichnung         | [HH1/957]                                                                    |
| Molekulargewicht         | 30kDa                                                                        |
| Isotyp                   | IgG2a                                                                        |

|                        |                                                                                                                                                                                 |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | 200ug/ml of Ab purified from Bioreactor Concentrate by Protein A/G. Prepared in 1mM PBS with 0.05% rAlbumin & 0.05% azide. Also available WITHOUT rAlbumin & azide at 1.0mg/ml. |
| Target-Kategorie       | H1-0, N/A                                                                                                                                                                       |
| Application Verdünnung | FACS: 0.5-1 µg/million cells, IF/ICC: 0.5-1 µg/ml, IHC-P: 0.5-1 µg/ml                                                                                                           |
| Anwendungsbeschreibung | Application Notes: Histone H1 (Nuclear Marker)                                                                                                                                  |
