Lysine Acetylated Antibody Biotin Conjugated, Rabbit, Polyclonal BYT-ORB420484

Artikelname	Lysine Acetylated Antibody Biotin Conjugated, Rabbit, Polyclonal
Artikelnummer	BYT-ORB420484
Hersteller Artikelnummer	orb420484
Alternativnummer	BYT-ORB420484-100
Hersteller	Biorbyt
Wirt	Rabbit
Kategorie	Antikörper
Applikation	ELISA, WB
Immunogen	This affinity-purified antibody was prepared from whole rabbit serum produced by repeated immunizations with acetylated lysine conjugated KLH.
Konjugation	Biotin
Produktbeschreibung	Lysine Acetylated antibody (Biotin)...
Klonalität	Polyclonal
Konzentration	1 mg/mL
Puffer	Preservative: None. Stabilizer: 50% (v/v) Glycerol, Buffer: 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

Reinheit	Anti-AcK was prepared from monospecific antiserum by immunoaffinity chromatography using acetylated lysine peptide coupled to agarose followed by conjugation to biotin and subsequent purification. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-Rabbit IgG and anti-Biotin. Reactivity is specific for acetylated lysine.
Formulierung	Liquid (sterile filtered)
Application Verdünnung	ELISA: 1:5,000, WB: 1:1,000-1:5,000
Anwendungsbeschreibung	Application Notes: This affinity-purified antibody is suitable for use in ELISA and western blotting assays. The antibody reacts specifically with acetylated lysine residues. Although not tested, this antibody is likely functional in RIA, flow cytometry and immunohistochemistry
