| Hersteller Artikelnummer | orb2580977                                                                                                                                                                    |
| Alternativnummer         | BYT-ORB2580977-100                                                                                                                                                            |
| Hersteller               | Biorbyt                                                                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                    |
| Applikation              | FC                                                                                                                                                                            |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                             |
| Immunogen                | E.coli-derived human H1-7 recombinant protein (Position: H35-R130). Human H1-7 shares 61.3% and 64.9 amino acid (aa) sequence identity with mouse and rat H1-7, respectively. |
| Konjugation              | PE                                                                                                                                                                            |
| Produktbeschreibung      | Anti-H1-7 Antibody. Tested in WB, Flow Cytometry, ELISA applications. This antibody reacts with Human, Mouse, Rat....                                                         |
| Klonalität               | Polyclonal                                                                                                                                                                    |
| Molekulargewicht         | 28 kDa                                                                                                                                                                        |
| UniProt                  | <a href="#">Q75WM6</a>                                                                                                                                                        |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| Formulierung           | Liquid                                                                                                       |
| Target-Kategorie       | Testis-specific H1 histone                                                                                   |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users.                                         |
