Product Datasheet

Dog C Reactive Protein (CRP) ELISA Kit BYT-ORB2667446

Artikelname	Dog C Reactive Protein (CRP) ELISA Kit
Artikelnummer	BYT-ORB2667446
Hersteller Artikelnummer	orb2667446
Alternativnummer	BYT-ORB2667446-48,BYT-ORB2667446-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Spezies Reaktivität	Canine
Produktbeschreibung	Dog C Reactive Protein (CRP) ELISA Kit...
Detektionsbereich	7.81-500 ng/mL
Sensitivitaet	0.112 ng/mL
Proben	Serum, plasma and other biological fluids.

Anwendungsbeschreibung

Application Notes: standard: 500 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Dog CRP. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Dog CRP. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Dog CRP, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Dog CRP in the samples is then determined by comparing the OD of the samples to the standard curve
