Simian Insulin (INS) ELISA Kit BYT-ORB2667458

Artikelname	Simian Insulin (INS) ELISA Kit
Artikelnummer	BYT-ORB2667458
Hersteller Artikelnummer	orb2667458
Alternativnummer	BYT-ORB2667458-48,BYT-ORB2667458-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Spezies Reaktivität	Primate
Produktbeschreibung	Simian Insulin (INS) ELISA Kit...
Detektionsbereich	0.16-10 ng/mL
Sensitivitaet	0.061 ng/mL
Proben	Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids.

Anwendungsbeschreibung

Application Notes: standard: 10 ng/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Simian INS. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Simian INS. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Simian INS, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Simian INS in the samples is then determined by comparing the OD of the samples to the standard curve
