### Rat Complement Factor H (CFH) ELISA Kit BYT-ORB2667487

Artikelname	Rat Complement Factor H (CFH) ELISA Kit
Artikelnummer	BYT-ORB2667487
Hersteller Artikelnummer	orb2667487
Alternativnummer	BYT-ORB2667487-48,BYT-ORB2667487-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Spezies Reaktivität	Rat
Produktbeschreibung	Rat Complement Factor H (CFH) ELISA Kit...
Detektionsbereich	7.82-500 µg/mL
Sensitivitaet	3.95 µg/mL
Proben	serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids

Anwendungsbeschreibung

Application Notes: standard: 500 µg/mL. Test principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat CFH. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat CFH. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat CFH, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Rat CFH in the samples is then determined by comparing the OD of the samples to the standard curve
