Product Datasheet

Human LCT(Lactase) Microsample ELISA Kit BYT-ORB2997316

Artikelname	Human LCT(Lactase) Microsample ELISA Kit
Artikelnummer	BYT-ORB2997316
Hersteller Artikelnummer	orb2997316
Alternativnummer	BYT-ORB2997316-48, BYT-ORB2997316-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Spezies Reaktivität	Human
Produktbeschreibung	Human LCT(Lactase) Microsample ELISA Kit...
Detektionsbereich	0.32-20 ng/mL
Sensitivitaet	0.121 ng/mL
UniProt	P09848
Proben	Tissue homogenates and other biological fluids.

Anwendungsbeschreibung

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human LCT. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human LCT. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human LCT, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human LCT in the samples is then determined by comparing the OD of the samples to the standard curve
