Product Datasheet

Human STAB1(Stabilin-1) Microsample ELISA Kit BYT-ORB2997348

Artikelname	Human STAB1(Stabilin-1) Microsample ELISA Kit
Artikelnummer	BYT-ORB2997348
Hersteller Artikelnummer	orb2997348
Alternativnummer	BYT-ORB2997348-48, BYT-ORB2997348-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Spezies Reaktivität	Human
Produktbeschreibung	Human STAB1(Stabilin-1) Microsample ELISA Kit...
Detektionsbereich	0.16-10 ng/mL
Sensitivitaet	0.055 ng/mL
UniProt	Q9NY15
Proben	serum, plasma, tissue homogenates, cell lysates and other biological fluids

Anwendungsbeschreibung

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human STAB1. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human STAB1. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human STAB1, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Human STAB1 in the samples is then determined by comparing the OD of the samples to the standard curve
