| Alternativnummer         | BYT-ORB3084852-100                                                                                                                                                                                 |
| Hersteller               | Biorbyt                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                                                         |
| Applikation              | FC                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human, Rat                                                                                                                                                                                         |
| Immunogen                | E.coli-derived human HSPB8/Hsp22 recombinant protein (Position: M1-T196). Human HSPB8/Hsp22 shares 94.4% and 95.4% amino acid (aa) sequence identity with mouse and rat HSPB8/Hsp22, respectively. |
| Konjugation              | Fluoro594                                                                                                                                                                                          |
| Produktbeschreibung      | HSPB8/Hsp22 Mouse Monoclonal Antibody (Fluoro594)...                                                                                                                                               |
| Klonalität               | Monoclonal                                                                                                                                                                                         |
| Klon-Bezeichnung         | [7D8]                                                                                                                                                                                              |
| UniProt                  | <a href="#">Q9UJY1</a>                                                                                                                                                                             |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| Formulierung           | Liquid                                                                                                       |
| Target-Kategorie       | Heat shock protein beta-8                                                                                    |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users.                                         |
