## Product Datasheet

### Simian MCSF(Colony Stimulating Factor 1, Macrophage) ELISA Kit BYT-ORB3126901

Artikelname	Simian MCSF(Colony Stimulating Factor 1, Macrophage) ELISA Kit
Artikelnummer	BYT-ORB3126901
Hersteller Artikelnummer	orb3126901
Alternativnummer	BYT-ORB3126901-48, BYT-ORB3126901-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Spezies Reaktivität	Primate
Produktbeschreibung	Simian MCSF(Colony Stimulating Factor 1, Macrophage) ELISA Kit...
Detektionsbereich	7.82-500 pg/mL
Sensitivitaet	3.2 pg/mL
Proben	serum, plasma, urine, tissue homogenates, cell lysates, cell culture supernates and other biological fluids

Anwendungsbeschreibung

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Simian MCSF. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Simian MCSF. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Simian MCSF, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Simian MCSF in the samples is then determined by comparing the OD of the samples to the standard curve
