Product Datasheet

Simian ACV-A(Activin A) ELISA Kit BYT-ORB3126942

Artikelname	Simian ACV-A(Activin A) ELISA Kit
Artikelnummer	BYT-ORB3126942
Hersteller Artikelnummer	orb3126942
Alternativnummer	BYT-ORB3126942-48, BYT-ORB3126942-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Spezies Reaktivität	Primate
Produktbeschreibung	Simian ACV-A(Activin A) ELISA Kit...
Detektionsbereich	15.63-1000 pg/mL
Sensitivitaet	4.71 pg/mL
Proben	serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids

Anwendungsbeschreibung

Application Notes: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Simian ACV-A. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Simian ACV-A. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Simian ACV-A, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Simian ACV-A in the samples is then determined by comparing the OD of the samples to the standard curve
