### IFNAR2 Rabbit Polyclonal Antibody, Unconjugated BYT-ORB570338

|                          |                                                                                                                 |
|--------------------------|-----------------------------------------------------------------------------------------------------------------|
| Artikelname              | IFNAR2 Rabbit Polyclonal Antibody, Unconjugated                                                                 |
| Artikelnummer            | BYT-ORB570338                                                                                                   |
| Hersteller Artikelnummer | orb570338                                                                                                       |
| Alternativnummer         | BYT-ORB570338-100                                                                                               |
| Hersteller               | Biorbyt                                                                                                         |
| Wirt                     | Rabbit                                                                                                          |
| Kategorie                | Antikörper                                                                                                      |
| Applikation              | ELISA, FC, ICC, IF, IHC, WB                                                                                     |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                               |
| Immunogen                | E.coli-derived human IFNAR2 recombinant protein (Position: D33-Q466).                                           |
| Konjugation              | Unconjugated                                                                                                    |
| Produktbeschreibung      | IFNAR2 Rabbit Polyclonal Antibody...                                                                            |
| Klonalität               | Polyclonal                                                                                                      |
| Konzentration            | 500 µg/ml                                                                                                       |
| Molekulargewicht         | 65 kDa                                                                                                          |
| UniProt                  | <a href="#">P48551</a>                                                                                          |
| Puffer                   | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg Na <sub>3</sub> . |

|                        |                                                                                                                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                     |
| Target-Kategorie       | Interferon alpha/beta receptor 2                                                                                                                                                                                                                                |
| Application Verdünnung | Western blot, 0.25-0.5µg/ml, Human Immunohistochemistry (Paraffin-embedded Section), 0.5-1µg/ml, Human, Mouse, Rat<br>Immunocytochemistry/Immunofluorescence, 2µg/ml, Human Flow Cytometry (Fixed), 1-3µg/1x10 <sup>6</sup> cells, Human ELISA, 0.1-0.5µg/ml, - |
