| Kategorie                | Proteine/Peptide                                                                                                                                                   |
| Produktbeschreibung      | This Mouse Il33 protein spans the amino acid sequence from region 109-266aa. Purity: Greater than 95% as determined by SDS-PAGE....                                |
| Molekulargewicht         | 17.6 kDa                                                                                                                                                           |
| UniProt                  | <a href="#">Q8BVZ5</a>                                                                                                                                             |
| Puffer                   | Lyophilized from a 0.2 µm filtered 20 mM PB, 150 mM NaCl, pH 7.4                                                                                                   |
| Quelle                   | Mus musculus (Mouse)                                                                                                                                               |
| Reinheit                 | Greater than 95% as determined by SDS-PAGE.                                                                                                                        |
| Formulierung             | Lyophilized powder                                                                                                                                                 |
