| Hersteller               | Biorbyt                                                                                                                                   |
| Kategorie                | Proteine/Peptide                                                                                                                          |
| Produktbeschreibung      | This Human IL4 protein spans the amino acid sequence from region 25-153aa. Purity: Greater than 95% as determined by SDS-PAGE....         |
| Molekulargewicht         | 15.1 kDa                                                                                                                                  |
| UniProt                  | <a href="#">P05112</a>                                                                                                                    |
| Puffer                   | Lyophilized from a 0.2 µm filtered 20 mM PB, 150 mM NaCl, pH 7.4                                                                          |
| Quelle                   | Homo sapiens (Human)                                                                                                                      |
| Reinheit                 | Greater than 95% as determined by SDS-PAGE.                                                                                               |
| Formulierung             | Lyophilized powder                                                                                                                        |
