### Human FGF basic Protein, Unconjugated BYT-ORB257225

|                          |                                                                                                                           |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Human FGF basic Protein, Unconjugated                                                                                     |
| Artikelnummer            | BYT-ORB257225                                                                                                             |
| Hersteller Artikelnummer | orb257225                                                                                                                 |
| Alternativnummer         | BYT-ORB257225-20,BYT-ORB257225-50,BYT-ORB257225-1                                                                         |
| Hersteller               | Biorbyt                                                                                                                   |
| Kategorie                | Proteine/Peptide                                                                                                          |
| Spezies Reaktivität      | Human                                                                                                                     |
| Konjugation              | Unconjugated                                                                                                              |
| Produktbeschreibung      | Human FGF basic, premium grade is expressed from E. coli cells. It contains AA Pro 143 - Ser 288 (Accession P09038-4).... |
| Molekulargewicht         | 16.5 kDa                                                                                                                  |
| NCBI                     | <a href="#">09038</a>                                                                                                     |
| Pubmed                   | <a href="https://pubmed.ncbi.nlm.nih.gov/25864432">25864432</a>                                                           |
| UniProt                  | <a href="#">P09038</a>                                                                                                    |
| Puffer                   | PBS, pH 7.4                                                                                                               |
| Reinheit                 | 95%                                                                                                                       |
| Formulierung             | Powder                                                                                                                    |
| Target-Kategorie         | FGF basic                                                                                                                 |

|                        |                                                                                                                                                                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Application Notes: This protein carries no tag. The protein has a calculated MW of 16.5 kDa. The protein migrates as 17 kDa3 kDa when calibrated against Star Ribbon Pre-stained Protein Marker under reducing (R) condition (SDS-PAGE) |
