### Human IL-2 R beta Protein, His Tag, Unconjugated BYT-ORB257259

|                          |                                                                                                                                            |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Human IL-2 R beta Protein, His Tag, Unconjugated                                                                                           |
| Artikelnummer            | BYT-ORB257259                                                                                                                              |
| Hersteller Artikelnummer | orb257259                                                                                                                                  |
| Alternativnummer         | BYT-ORB257259-100,BYT-ORB257259-500                                                                                                        |
| Hersteller               | Biorbyt                                                                                                                                    |
| Kategorie                | Proteine/Peptide                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                      |
| Konjugation              | Unconjugated                                                                                                                               |
| Produktbeschreibung      | Human IL-2 R beta Protein, His Tag is expressed from human 293 cells (HEK293). It contains AA Ala 27 - Asp 239 (Accession NP_000869.1).... |
| Molekulargewicht         | 25.4 kDa                                                                                                                                   |
| NCBI                     | <a href="#">000869</a>                                                                                                                     |
| Puffer                   | PBS, pH 7.4                                                                                                                                |
| Reinheit                 | 90%                                                                                                                                        |
| Formulierung             | Powder                                                                                                                                     |
| Target-Kategorie         | IL-2 R beta                                                                                                                                |

Anwendungsbeschreibung

Application Notes: This protein carries a polyhistidine tag at the C-terminus. The protein has a calculated MW of 25.4 kDa. The protein migrates as 35-45 kDa under reducing (R) condition (SDS-PAGE) due to glycosylation
