| Alternativnummer         | BYT-ORB257764-200,BYT-ORB257764-1                                                                                         |
| Hersteller               | Biorbyt                                                                                                                   |
| Kategorie                | Proteine/Peptide                                                                                                          |
| Spezies Reaktivität      | Mouse                                                                                                                     |
| Konjugation              | Unconjugated                                                                                                              |
| Produktbeschreibung      | Mouse PD-L1, Fc Tag is expressed from human 293 cells (HEK293). It contains AA Phe 19 - Thr 238 (Accession NP_068693).... |
| Molekulargewicht         | 51.4 kDa                                                                                                                  |
| NCBI                     | <a href="#">068693</a>                                                                                                    |
| Puffer                   | Tris with Glycine, Arginine and NaCl, pH 7.5                                                                              |
| Reinheit                 | 95%                                                                                                                       |
| Formulierung             | Powder                                                                                                                    |
| Target-Kategorie         | PD-L1                                                                                                                     |

|                        |                                                                                                                                                                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Application Notes: This protein carries a human IgG1 Fc tag at the C-terminus. The protein has a calculated MW of 51.4 kDa. The protein migrates as 60-80 kDa when calibrated against Star Ribbon Pre-stained Protein Marker under reducing (R) condition (SDS-PAGE) due to glycosylation |
