### Human TNFR1 Protein, Fc Tag, Unconjugated BYT-ORB257878

|                          |                                              |
|--------------------------|----------------------------------------------|
| Artikelname              | Human TNFR1 Protein, Fc Tag, Unconjugated    |
| Artikelnummer            | BYT-ORB257878                                |
| Hersteller Artikelnummer | orb257878                                    |
| Alternativnummer         | BYT-ORB257878-100,BYT-ORB257878-1            |
| Hersteller               | Biorbyt                                      |
| Kategorie                | Proteine/Peptide                             |
| Spezies Reaktivität      | Human                                        |
| Konjugation              | Unconjugated                                 |
| Produktbeschreibung      | Human TNFR1 Protein, Fc Tag...               |
| Molekulargewicht         | 47.9 kDa                                     |
| NCBI                     | <a href="#">19438</a>                        |
| UniProt                  | <a href="#">P19438</a>                       |
| Puffer                   | Tris with Glycine, Arginine and NaCl, pH 7.5 |
| Reinheit                 | 98%                                          |
| Formulierung             | Powder                                       |
| Target-Kategorie         | TNFR1                                        |

|                        |                                                                                                                                                                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Application Notes: This protein carries a human IgG1 Fc tag at the C-terminus. The protein has a calculated MW of 47.9 kDa. The protein migrates as 55-60 kDa when calibrated against Star Ribbon Pre-stained Protein Marker under reducing (R) condition (SDS-PAGE) due to different glycosylation |
