| Alternativnummer         | BYT-ORB18992-100                                                                                                                                                                                   |
| Hersteller               | Biorbyt                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                                                         |
| Applikation              | FC, ICC, IF, IHC, IP, WB                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                  |
| Immunogen                | E.coli-derived human HSPB8/Hsp22 recombinant protein (Position: M1-T196). Human HSPB8/Hsp22 shares 94.4% and 95.4% amino acid (aa) sequence identity with mouse and rat HSPB8/Hsp22, respectively. |
| Konjugation              | Unconjugated                                                                                                                                                                                       |
| Produktbeschreibung      | HSPB8/Hsp22 Rabbit Polyclonal Antibody...                                                                                                                                                          |
| Klonalität               | Polyclonal                                                                                                                                                                                         |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                          |
| Molekulargewicht         | 22 kDa                                                                                                                                                                                             |

|                        |                                                                                                                                                                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q9UJY1</a>                                                                                                                                                                                                                                                     |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> .                                                                                                                                                           |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                                |
| Target-Kategorie       | Heat shock protein beta-8                                                                                                                                                                                                                                                  |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human, Mouse, Rat<br>Immunohistochemistry (Paraffin-embedded Section), 0.5-1µg/ml, Human, Mouse, Rat<br>Immunocytochemistry/Immunofluorescence, 2µg/ml, Human<br>Immunoprecipitation, 0.5-2 µg/ml, Human<br>Flow Cytometry (Fixed), 1-3µg/1x10 |
