General Taurocholic Acid (TCA) ELISA Kit BYT-ORB782009

Artikelname	General Taurocholic Acid (TCA) ELISA Kit
Artikelnummer	BYT-ORB782009
Hersteller Artikelnummer	orb782009
Alternativnummer	BYT-ORB782009-48, BYT-ORB782009-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	All
Produktbeschreibung	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Taurocholic Acid(TCA) protein. Standards or samples are added to the appropriate microtiter plate wells the...
Konzentration	300 ng/mL
Detektionsbereich	4.69-300 ng/mL
Sensitivitaet	1.47 ng/mL
Proben	Biological agents

Anwendungsbeschreibung

Application Notes: standard: 300 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with TCA protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to TCA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of TCA in the samples is then determined by comparing the OD of the samples to the standard curve
