General Carnitine (CNT) ELISA Kit BYT-ORB782057

Artikelname	General Carnitine (CNT) ELISA Kit
Artikelnummer	BYT-ORB782057
Hersteller Artikelnummer	orb782057
Alternativnummer	BYT-ORB782057-48, BYT-ORB782057-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	All
Produktbeschreibung	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Carnitine(CNT) protein. Standards or samples are added to the appropriate microtiter plate wells then with ...
Konzentration	1000 ng/mL
Detektionsbereich	15.63-1000 ng/mL
Sensitivitaet	4.92 ng/mL
Proben	serum, plasma and other biological fluids

Anwendungsbeschreibung

Application Notes: standard: 1000 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with CNT protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to CNT. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of CNT in the samples is then determined by comparing the OD of the samples to the standard curve
