## Product Datasheet

### Dog Symmetric dimethylarginine (SDMA) ELISA Kit BYT-ORB782628

Artikelname	Dog Symmetric dimethylarginine (SDMA) ELISA Kit
Artikelnummer	BYT-ORB782628
Hersteller Artikelnummer	orb782628
Alternativnummer	BYT-ORB782628-48, BYT-ORB782628-96
Hersteller	Biorbyt
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Canine
Produktbeschreibung	This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with SDMA(Symmetric dimethylarginine) protein. Standards or samples are added to the appropriate microtiter plat...
Konzentration	10 ng/mL
Detektionsbereich	0.16-10 ng/mL
Sensitivitaet	0.051 ng/mL
Proben	cell lysates, cell culture supernates and other biological fluids

Anwendungsbeschreibung

Application Notes: standard: 10 ng/mL. Test principle: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Dog SDMA protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Dog SDMA. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Dog SDMA in the samples is then determined by comparing the OD of the samples to the standard curve
