| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A partial length recombinant KLF4 protein (amino acids 1-300) was used as the immunogen for this antibody.                                                                                                                                                    |
| Produktbeschreibung      | Kruppel like factor 4 (KLF4) which are also called as gun enriched kruppel like factors (GKLF) is a member of SP/KLF family of zinc transcription factors that are involved in numerous important cellular processes, such as, proliferation, inflammation... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">9314</a>                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">O43474</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A Chromatography                                                                                                                                                                                                                                      |

|                        |                                  |
|------------------------|----------------------------------|
| Formulierung           | Purified                         |
| Target-Kategorie       | KLF4/GKLF                        |
| Application Verdünnung | Western blot analysis: 2-4 µg/ml |
