| Artikelname              | Polyclonal Antibody to STAT5A (Phospho-Ser780), Rabbit                                                                                                 |
| Artikelnummer            | ABI-35-1048                                                                                                                                            |
| Hersteller Artikelnummer | 35-1048                                                                                                                                                |
| Alternativnummer         | ABI-35-1048-100UL                                                                                                                                      |
| Hersteller               | Abeomics                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                             |
| Applikation              | IHC, WB                                                                                                                                                |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                      |
| Immunogen                | Peptide sequence around phosphorylation site of serine 780 (R-L-S(p)-P-P) derived from Human STAT5A.                                                   |
| Produktbeschreibung      | Carries out a dual function: signal transduction and activation of transcription. Binds to the GAS element and activates PRL-induced transcription.... |
| Klonalität               | Polyclonal                                                                                                                                             |
| NCBI                     | <a href="#">6776</a>                                                                                                                                   |
| UniProt                  | <a href="#">P42229</a>                                                                                                                                 |
| Formulierung             | Purified                                                                                                                                               |
| Target-Kategorie         | STAT5A (Phospho-Ser780)                                                                                                                                |

|                        |                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------|
| Application Verdünnung | Predicted MW: 90kd, Western blotting: 1:500~1:1000,<br>Immunohistochemistry: 1:50~1:100 |
