## Product Datasheet

### Phospho-POLR2A CTD-T4 Rabbit pAb, Unconjugated ABB-A21190

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | Phospho-POLR2A CTD-T4 Rabbit pAb, Unconjugated                                  |
| Artikelnummer            | ABB-A21190                                                                      |
| Hersteller Artikelnummer | A21190                                                                          |
| Alternativnummer         | ABB-A21190-100UL, ABB-A21190-20UL                                               |
| Hersteller               | ABclonal                                                                        |
| Wirt                     | Rabbit                                                                          |
| Kategorie                | Antikörper                                                                      |
| Applikation              | ChIP, ELISA, IP, WB                                                             |
| Spezies Reaktivität      | Human                                                                           |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                    |
| Molekulargewicht         | 217kDa                                                                          |
| NCBI                     | <a href="#">5430</a>                                                            |
| UniProt                  | <a href="#">P24928</a>                                                          |
| Reinheit                 | Affinity purification                                                           |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:500 - 1:1000 IP,0.5µg-4µg antibody for 200µg-400µg extracts of whole cells ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. ChIP,5µg antibody for 10µg-15µg of Chromatin |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Epigenetics Nuclear Signaling,DNA Damage Repair,Protein phosphorylation,Neuroscience,Neurodegenerative Diseases. Shipping: Ice Bag                                                                            |
