## Product Datasheet

### **[KO Validated] MKL1 Rabbit mAb, Unconjugated, Monoclonal ABB-A28574**

|                          |                                                                                                |
|--------------------------|------------------------------------------------------------------------------------------------|
| Artikelname              | [KO Validated] MKL1 Rabbit mAb, Unconjugated, Monoclonal                                       |
| Artikelnummer            | ABB-A28574                                                                                     |
| Hersteller Artikelnummer | A28574                                                                                         |
| Alternativnummer         | ABB-A28574-100UL, ABB-A28574-20UL                                                              |
| Hersteller               | ABclonal                                                                                       |
| Wirt                     | Rabbit                                                                                         |
| Kategorie                | Antikörper                                                                                     |
| Applikation              | ELISA, IHC-P, IP, WB                                                                           |
| Spezies Reaktivität      | Human                                                                                          |
| Immunogen                | Recombinant protein (or fragment).This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                                   |
| Klonalität               | Monoclonal                                                                                     |
| Molekulargewicht         | 99 kDa                                                                                         |
| NCBI                     | <a href="#">57591</a>                                                                          |
| UniProt                  | <a href="#">Q969V6</a>                                                                         |
| Reinheit                 | Affinity purification                                                                          |

|                        |                                                                                                                                                                                                                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:6000 - 1:50000 IP,0.5 µg - 4 µg antibody for 800 µg - 1200 µg extracts of whole cells IHC-P,1:200 - 1:800 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements.For high-ratio                                             |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Epigenetics Nuclear Signaling,Transcription Factors,Signal Transduction,Cell Biology Developmental Biology,Apoptosis,Cell Cycle,Cytoskeleton,Endocrine Metabolism,Stem Cells,Mesenchymal Stem Cells,Cardiovascular,Heart,Cardiogenesis. Shipping: Ice Bag |
