## Product Datasheet

### Phospho-PKC alpha-S657/Y658 Rabbit pAb, Unconjugated ABB-AP0970

|                          |                                                                                                                                                     |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Phospho-PKC alpha-S657/Y658 Rabbit pAb, Unconjugated                                                                                                |
| Artikelnummer            | ABB-AP0970                                                                                                                                          |
| Hersteller Artikelnummer | AP0970                                                                                                                                              |
| Alternativnummer         | ABB-AP0970-100UL, ABB-AP0970-20UL                                                                                                                   |
| Hersteller               | ABclonal                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                          |
| Applikation              | ELISA, WB                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                               |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                     |
| Konjugation              | Unconjugated                                                                                                                                        |
| Molekulargewicht         | 77kDa                                                                                                                                               |
| NCBI                     | <a href="#">5578</a>                                                                                                                                |
| UniProt                  | <a href="#">P17252</a>                                                                                                                              |
| Reinheit                 | Affinity purification                                                                                                                               |
| Application Verdünnung   | WB,1:500 - 1:2000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | <p>Cross-Reactivity: Human. ResearchArea: Epigenetics Nuclear Signaling,Epigenetic writers and erasers of core Histones,Protein phosphorylation,Cancer,Signal Transduction,G protein signaling,G-Protein-Coupled Receptors Signaling to MAPK Erk,Kinase,Serine threonine kinases,mTOR Signaling Pathway,ErbB-HER Signaling Pathway,MAPK-Erk Signaling Pathway,Cell Biology Developmental Biology,Apoptosis,Mitochondrial Control of Apoptosis,Inhibition of Apoptosis,Cell Adhesion,Cytoskeleton,Microtubules,Actins,TGF-b-Smad Signaling Pathway,Endocrine Metabolism,Immunology Inflammation,B Cell Receptor Signaling Pathway,Neuroscience,Amyloid Plaque and Neurofibrillary Tangle Formation in Alzheimers Disease,Neurodegenerative Diseases Markers,Cardiovascular,Heart,Hypertrophy. Shipping: Ice Bag</p> |
