## Product Datasheet

### Phospho-Bcl-2-S87 Rabbit pAb ABB-AP1071

|                          |                                                                                                                                                         |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Phospho-Bcl-2-S87 Rabbit pAb                                                                                                                            |
| Artikelnummer            | ABB-AP1071                                                                                                                                              |
| Hersteller Artikelnummer | AP1071                                                                                                                                                  |
| Alternativnummer         | ABB-AP1071-20UL, ABB-AP1071-100UL                                                                                                                       |
| Hersteller               | ABclonal                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                              |
| Applikation              | ELISA, WB                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                   |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                         |
| Molekulargewicht         | 26kDa                                                                                                                                                   |
| NCBI                     | <a href="#">596</a>                                                                                                                                     |
| UniProt                  | <a href="#">P10415</a>                                                                                                                                  |
| Reinheit                 | Affinity purification                                                                                                                                   |
| Application Verdünnung   | WB, 1:500 - 1:2000   ELISA, Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | <p>Cross-Reactivity: Human,Rat. ResearchArea: Protein phosphorylation,Cancer,Tumor biomarkers,Invasion and Metastasis,Signal Transduction,PI3K-Akt Signaling Pathway,Cell Biology Developmental Biology,Apoptosis,Mitochondrial Control of Apoptosis,Inhibition of Apoptosis,Autophagy,Death Receptor Signaling Pathway,Endocrine Metabolism,Mitochondrial metabolism,Mitochondrial markers,Immunology Inflammation,Neuroscience,Neurodegenerative Diseases,Stem Cells.</p> <p>Shipping: Ice Bag</p> |
