| Hersteller               | Bio X Cell                                                                                                                                                                                                                                                    |
| Wirt                     | Human                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Odronextamab biosimilar antibody uses the same variable regions as the therapeutic antibody Odronextamab, making it ideal for research use. Odronextamab is a fully human IgG4-based bispecific antibody that simultaneously targets human CD20 on B ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | Lot specific, typically between 4-11 mg/ml                                                                                                                                                                                                                    |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Klon-Bezeichnung       | [Odronextamab]                                               |
| Molekulargewicht       | 150 kDa                                                      |
| Reinheit               | 95% , Determined by SDS-PAGE                                 |
| Formel                 | PBS, pH 7.0, Contains no stabilizers or preservatives        |
| Target-Kategorie       | CD3 X CD20                                                   |
| Anwendungsbeschreibung | in vivo functional assays, in vitro functional assays, ELISA |
