| Konzentration          | 90 mg/mL                                                                                                                                                                                                                                                                                    |
| Isotyp                 | Ig                                                                                                                                                                                                                                                                                          |
| Puffer                 | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                                                                                                     |
| Reinheit               | This product was prepared from monospecific antiserum by a delipidation and defibrination. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-rabbit serum, Cat IgG, Cat IgG F(ab') <sub>2</sub> and Cat Serum. No reaction was observed against Cat IgG F(c). |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                                                 |
| Formel                 | 10 mM NaPO <sub>4</sub> , 150 mM NaCl, pH 7.2, lyophilisate, Azide/BSA free                                                                                                                                                                                                                 |
| Target-Kategorie       | Cat                                                                                                                                                                                                                                                                                         |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                                                          |
| Application Verdünnung | ELISA Dilution: 1:20,000 - 1:100,000, Immunohistochemistry Dilution: 1:1,000 - 1:5,000, Western Blot Dilution: 1:2,000 - 1:10,000                                                                                                                                                           |
| Anwendungsbeschreibung | Secondary antibody reagents are ideal for ELISA, western blotting, Immunohistochemistry, Fluorescence Microscopy, Flow Cytometry as well as other antibody detection methods.                                                                                                               |
