Product Datasheet

Anti-H2A,XS139p | H2A,X phosphorylated serine 139, Rabbit, Polyclonal AGR-AS16-3199

| | |
|--------------------------|---|
| Artikelname | Anti-H2A,XS139p H2A,X phosphorylated serine 139, Rabbit, Polyclonal |
| Artikelnummer | AGR-AS16-3199 |
| Hersteller Artikelnummer | AS16-3199 |
| Alternativnummer | AGR-AS16-3199 |
| Hersteller | Agrisera |
| Wirt | Rabbit |
| Kategorie | Antikörper |
| Applikation | DOT, ELISA, IF, WB |
| Spezies Reaktivität | Human |
| Immunogen | KLH-conjugated synthetic peptide |
| Produktbeschreibung | Histone methylation and demethylation is dynamically regulated by respectively histone methyl transferases and histone demethylases. H2A.XS139p appears during apoptosis and is probably involved in DNA repair.... |
| Klonalität | Polyclonal |
| Molekulargewicht | 15 kDa |
| NCBI | 3014 |
| UniProt | P16104 |

| | |
|------------------------|---|
| Reinheit | Immunogen affinity purified serum in PBS. Contains 0.05% sodium azide. |
| Formulierung | Liquid |
| Antibody Type | Polyclonal Antibody |
| Application Verdünnung | 1: 10 000 (Dot), 1: 10 000 (ELISA), 1: 1000 (WB) |
| Anwendungsbeschreibung | Antibody is present in PBS with 0,05 % sodium azide and 0,05% ProClin 300 |
