## Product Datasheet

### **Norovirus Capsid antibody [B114M], IgG1, Unconjugated, Mouse, Monoclonal GTX39875**

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | Norovirus Capsid antibody [B114M], IgG1, Unconjugated, Mouse, Monoclonal        |
| Artikelnummer            | GTX39875                                                                        |
| Hersteller Artikelnummer | GTX39875                                                                        |
| Alternativnummer         | GTX39875-500                                                                    |
| Hersteller               | GeneTex                                                                         |
| Wirt                     | Mouse                                                                           |
| Kategorie                | Antikörper                                                                      |
| Applikation              | ELISA                                                                           |
| Spezies Reaktivität      | Virus                                                                           |
| Immunogen                | Purified native Norwalk virus, strain 8FIIa.                                    |
| Konjugation              | Unconjugated                                                                    |
| Produktbeschreibung      | Norovirus Capsid antibody [B114M], IgG1, Unconjugated, Mouse, Monoclonal, Ms... |
| Klonalität               | Monoclonal                                                                      |
| Konzentration            | 0.10 mg/ml (Please refer to the vial label for the specific concentration.)     |
| Klon-Bezeichnung         | [B114M]                                                                         |

|               |                                                                                                                                        |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Isotyp        | IgG1                                                                                                                                   |
| Sensitivitaet | Recognizes the capsid protein of Norovirus (native and recombinant).<br>Does not cross-react with Rotavirus, Adenovirus or Astrovirus. |
| Puffer        | 0.01M PBS pH7.2, 0.1% Sodium azide.                                                                                                    |
| Quelle        | Norovirus                                                                                                                              |
| Reinheit      | Protein A purified                                                                                                                     |
| Formulierung  | Liquid                                                                                                                                 |
