| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ICC, IHC, WB                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Fusion protein amino acids 112-496 of human Pink1 (accession number NP_115785) produced recombinantly in E. Coli                                                                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Our Anti-Pink1 PTEN induced putative kinase 1 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N4/15. It detects human, mouse, and rat Pink1 PTEN induced putative kinase 1, and is purified by Protein A chromat... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                       |

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Klon-Bezeichnung | [N4/15]                                                       |
| Molekulargewicht | 63 kDa                                                        |
| Isotyp           | IgG1                                                          |
| UniProt          | <a href="#">Q9BXM7</a>                                        |
| Puffer           | 10 mM Tris, 50 mM Sodium Chloride, 0.065% Sodium Azide pH 7.4 |
| Reinheit         | Purified by Protein A chromatography                          |
| Formulierung     | Purified by Protein A chromatography                          |
| Target-Kategorie | Pink1 PTEN induced putative kinase 1                          |
| Antibody Type    | Primary Antibody                                              |
