## Product Datasheet

### Mouse anti Phosphotyrosine, conjugated with FITC, IgG2b, Clone: [PY20], Monoclonal NMB-X1017S

|                            |   |
|----------------------------|---|
| Article Name               | Mouse anti Phosphotyrosine, conjugated with FITC, IgG2b, Clone: [PY20], Monoclonal  |
| Biozol Catalog Number      | NMB-X1017S  |
| Supplier Catalog Number    | X1017S  |
| Alternative Catalog Number | NMB-X1017S  |
| Manufacturer               | NordicMubio   |
| Host                       | Mouse   |
| Category                   | Antikörper  |
| Application                | EIA, IF, IP, WB   |
| Species Reactivity         | All   |
| Conjugation                | FITC  |
| Product Description        | The role of tyrosine phosphorylation in transduction of the mitogenic signal from transmembrane receptors and in transformation by oncogene tyrosine kinases has been the subject of intense investigation for several years. While the phosphorylation of... |
| Clonality                  | Monoclonal  |
| Concentration              | See vial for concentration  |
| Clone Designation          | [PY20]  |
| Isotype                    | IgG2b   |

|                   |  |
|-------------------|--|
| Buffer            | Provided as sterile solution in 20 mM sodium phosphate, 150 mM sodium chloride, 50% glycerol, 3 mM sodium azide                                      |
| Source            | Hybridoma produced from Balb/C mice immunized with phosphotyrosine coupled to carrier protein.   |
| Purity            | Prot A/G   |
| Application Notes | A dilution of 5-10 ug/ml is suggested for immunohistochemistry or immunofluorescence. Optimal concentration should be evaluated by serial dilutions. |
