Goat anti Human lactoferrin, conjugated with Horseradish peroxidase, Clone: [Polyclonal], HRP, Monoclonal NMB-GAHU/LFR/PO

Article Name	Goat anti Human lactoferrin, conjugated with Horseradish peroxidase, Clone: [Polyclonal], HRP, Monoclonal
Biozol Catalog Number	NMB-GAHU/LFR/PO
Supplier Catalog Number	GAHu/Lfr/PO
Alternative Catalog Number	NMB-GAHU/LFR/PO
Manufacturer	NordicMubio
Host	Goat
Category	Antikörper
Conjugation	HRP
Product Description	In immunolectrophoresis against human milk a single precipitin line is obtained. The antiserum does not react with any other protein component of human serum or plasma. In enzyme-immunocytochemical and immunohistochemical techniques for the detectio...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
UniProt	P02788
Buffer	Horseradish peroxidase-coupled purified hyperimmune IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2) No preservative added, as it may interfere with the antibody activity.

Source	Exocrine organs produce various secretions, each with its characteristic function. Proteins found in secretions may be divided into two groups: those specific for the particular secretion, and plasma proteins independent of the type of exocrine cells. Lac
Form	HRP
Formula	Horseradish peroxidase-coupled purified hyperimmune IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2) No preservative added, as it may interfere with the antibody activity.
Application Notes	ELISA, Immunocytochemistry, Immunohistochemistry (paraffin), Dot blot, Immunoblotting. The lyophilized conjugate is shipped at ambient temperature and may be stored at +4C, prolonged storage at or below -20C. It is reconstituted by adding 1 ml sterile distilled water, spun down to remove insoluble particles, divided into small aliquots, frozen and stored at or below -20C. Prior to use, an aliquot is thawed slowly at ambient temperature, spun down again and used to prepare working dilutions by adding sterile phosphate buffered saline (PBS, pH 7.2). Repeated thawing and freezing should be avoided.
