Product Datasheet

Goat anti Rat alpha-2 macroglobulin, Clone: [Polyclonal], Monoclonal NMB-GARA/A2M

Article Name	Goat anti Rat alpha-2 macroglobulin, Clone: [Polyclonal], Monoclonal
Biozol Catalog Number	NMB-GARA/A2M
Supplier Catalog Number	GRa/A2M
Alternative Catalog Number	NMB-GARA/A2M
Manufacturer	NordicMubio
Host	Goat
Category	Antikörper
Product Description	The reactivity of the antiserum is restricted to rat alpha-2 macroglobulin. In immunoelectrophoresis and radial immunodiffusion, using various antiserum concentrations against normal rat plasma a single precipitin line is obtained which shows a react...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
UniProt	P06238
Buffer	Delipidated, heat inactivated, lyophilized, stable whole antiserum. No preservative added as it may interfere with the antibody activity. Total protein and IgG concentrations in the antiserum are comparable to those of pooled normal goat serum. No foreign

Source	Alpha-2 macroglobulin(clotting factor I) is the major protein in the alpha-2 region of rat serum after separation by immunoelectrophoresis. The concentration in normal plasma is about 2.5 mg/ml. It is a large polymer and a strong antigen. It forms about 0
Formula	Delipidated, heat inactivated, lyophilized, stable whole antiserum No preservative added as it may interfere with the antibody activity. Total protein and IgG concentrations in the antiserum are comparable to those of pooled normal goat serum. No foreign
Application Notes	Precipitation assays.
