Goat colostrum NMB-GCOL

Article Name	Goat colostrum
Biozol Catalog Number	NMB-GCOL
Supplier Catalog Number	GCol
Alternative Catalog Number	NMB-GCOL
Manufacturer	NordicMubio
Category	Zellen/Zellkultur
Species Reactivity	Goat
Product Description	As a qualitative reference with an optimized protein content to study the normal protein composition of goat colostrum. To identify or quantitate a normal colostrum protein component using a variety of immunodiffusion techniques including immunoelect...
Buffer	Delipidated, heat inactivated, lyophilized, stable whole colostrums. No preservative added.
Formula	Delipidated, heat inactivated, lyophilized, stable whole colostrums. No preservative added.
Application Notes	Goat colostrum is shipped lyophilized at ambient temperature. After arrival store at +4C. Prolonged storage may be at -20C. After opening the vial, the lyophilized content is reconstituted by adding 0.5 ml of sterile distilled water, mixed gently by inversion until complete dissolution is obtained. Allow to stand at ambient temperature for 5-10 minutes to reach equilibrium. Reconstituted colostrum may be stored frozen.
