### CA11 Antibody (Center) Blocking Peptide ABT-BP7304C

|                            |   |
|----------------------------|---|
| Article Name               | CA11 Antibody (Center) Blocking Peptide   |
| Biozol Catalog Number      | ABT-BP7304C   |
| Supplier Catalog Number    | BP7304c   |
| Alternative Catalog Number | ABT-BP7304C-500UG   |
| Manufacturer               | Abcepta   |
| Category                   | Proteine/Peptide  |
| Product Description        | CA11 belongs a large family of zinc metalloenzymes that catalyze the reversible hydration of carbon dioxide. CA11 is likely a secreted protein, however, radical changes at active site residues completely conserved in CA isozymes with catalytic activi... |
| NCBI                       | <a href="#">770</a>   |
| UniProt                    | <a href="#">O75493</a>  |
| Form                       | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.  |
| Target                     | The synthetic peptide sequence used to generate the antibody AP7304c was selected from the Center region of human CA11. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.              |
