### PBP (PPBP) Antibody (C-term) Blocking peptide ABT-BP7556B

|                            |   |
|----------------------------|---|
| Article Name               | PBP (PPBP) Antibody (C-term) Blocking peptide   |
| Biozol Catalog Number      | ABT-BP7556B   |
| Supplier Catalog Number    | BP7556b   |
| Alternative Catalog Number | ABT-BP7556B-500UG   |
| Manufacturer               | Abcepta   |
| Category                   | Proteine/Peptide  |
| Product Description        | PPBP is a platelet-derived growth factor that belongs to the CXC chemokine family. This growth factor is a potent chemoattractant and activator of neutrophils. It has been shown to stimulate various cellular processes including DNA synthesis, mitosis... |
| NCBI                       | <a href="#">5473</a>  |
| UniProt                    | <a href="#">P02775</a>  |
| Form                       | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.  |
| Target                     | The synthetic peptide sequence used to generate the antibody AP7556b was selected from the C-term region of human PPBP. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.              |
