### PPP6C Antibody (N-term) Blocking Peptide ABT-BP8477A

|                            |   |
|----------------------------|---|
| Article Name               | PPP6C Antibody (N-term) Blocking Peptide  |
| Biozol Catalog Number      | ABT-BP8477A   |
| Supplier Catalog Number    | BP8477a   |
| Alternative Catalog Number | ABT-BP8477A-500UG   |
| Manufacturer               | Abcepta   |
| Category                   | Proteine/Peptide  |
| Product Description        | PPP6C belongs to the PPP phosphatase family, PP-V subfamily. Reversible phosphorylation of proteins on serine and threonine residues is an important biochemical event that regulates a broad variety of intracellular processes. The phosphorylation stat... |

| UniProt                    | <a href="#">O00743</a>  |
| Form                       | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.  |
| Target                     | The synthetic peptide sequence used to generate the antibody AP8477a was selected from the N-term region of human PPP6C. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.             |
