| Category                   | Antikörper                                                                                                                                                                                                                                                     |
| Application                | FC, IHC-P, WB                                                                                                                                                                                                                                                  |
| Species Reactivity         | Human                                                                                                                                                                                                                                                          |
| Product Description        | ENPP2 functions as both a phosphodiesterase, which cleaves phosphodiester bonds at the 5' end of oligonucleotides, and a phospholipase, which catalyzes production of lysophosphatidic acid (LPA) in extracellular fluids. LPA evokes growth factor-like re... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                     |
| Clone Designation          | [RB17411]                                                                                                                                                                                                                                                      |

|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form          | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is prepared by Saturated Ammonium Sulfate (SAS) precipitation followed by dialysis against PBS. |
| Target        | This ENPP2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 401-430 amino acids from the Central region of human ENPP2.                       |
| Antibody Type | Polyclonal Antibody                                                                                                                                                                       |
