## Product Datasheet

### **DNAJB4 HEK293 Cell Transient Overexpression Lysate(Non-Denatured), Human ABN-L072T6**

|                            |                                                                          |
|----------------------------|--------------------------------------------------------------------------|
| Article Name               | DNAJB4 HEK293 Cell Transient Overexpression Lysate(Non-Denatured), Human |
| Biozol Catalog Number      | ABN-L072T6                                                               |
| Supplier Catalog Number    | L072T6                                                                   |
| Alternative Catalog Number | ABN-L072T6-100                                                           |
| Manufacturer               | Abnova                                                                   |
| Host                       | Human                                                                    |
| Category                   | Zellen/Zellkultur                                                        |
| Application                | IP, WB                                                                   |
| Species Reactivity         | Human                                                                    |
| Concentration              | 2 mg/ml                                                                  |
| NCBI                       | <a href="#">11080</a>                                                    |
| UniProt                    | 11080                                                                    |
| Buffer                     | In modified RIPA Lysis Buffer.                                           |
| Source                     | HEK293                                                                   |
| Target                     | DNAJB4                                                                   |

|                    |                                                                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Use it directly for immuno-precipitation, or heat lysate with SDS gel loading buffer to 95C for 5 minutes followed by rapid cooling for western blot application. If dissociating conditions are required, add reducing agent prior to heating. |
