| Immunogen                  | Small Molecule, GSH conjugated to OVA.                                                                                                         |
| Conjugation                | Biotin                                                                                                                                         |
| Product Description        | Glutathione antibody LS-C305703 is a biotin-conjugated rabbit polyclonal antibody to all species Glutathione. Validated for ICC, IP and WB.... |
| Clonality                  | Polyclonal                                                                                                                                     |
| Concentration              | 0.5 mg/ml                                                                                                                                      |
| Buffer                     | PBS, pH 7.4, 0.02% Sodium Azide, 50% Glycerol                                                                                                  |

|                    |                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------|
| Purity             | Antigen-specific affinity chromatography followed by Protein A affinity chromatography                                |
| Form               | PBS, pH 7.4, 0.02% Sodium Azide, 50% Glycerol                                                                         |
| Application Dilute | ICC, IP, WB (1:100 - 1:400)                                                                                           |
| Application Notes  | The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. |
