| Product Description        | VAPB antibody LS-C334013 is an unconjugated rabbit polyclonal antibody to VAPB from human. It is reactive with human and mouse. Validated for IF, IHC and WB....                                                                                                        |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                              |
| NCBI                       | <a href="#">9217</a>                                                                                                                                                                                                                                                    |

|                    |                                                                                   |
|--------------------|-----------------------------------------------------------------------------------|
| Buffer             | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Purity             | Affinity purified                                                                 |
| Form               | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Application Dilute | IF (1:20 - 1:50), IHC (1:50 - 1:200), WB (1:500 - 1:2000)                         |
| Application Notes  | The predicted MW is 11kDa/27kDa, while the observed MW by Western blot was 35kDa. |
