| Immunogen                  | Recombinant human Tyrosinase protein (aa19-377).                                                                                                 |
| Conjugation                | Biotin                                                                                                                                           |
| Product Description        | Tyrosinase antibody LS-C370512 is a biotin-conjugated rabbit polyclonal antibody to human Tyrosinase (aa19-377). Validated for ELISA and IHC.... |
| Clonality                  | Polyclonal                                                                                                                                       |
| NCBI                       | <a href="#">7299</a>                                                                                                                             |
| Buffer                     | PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol.                                                                                                    |
| Purity                     | Caprylic acid and ammonium sulfate precipitation                                                                                                 |

|                    |                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------|
| Form               | PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol.                                                                         |
| Application Dilute | ELISA, IHC, IHC-P                                                                                                     |
| Application Notes  | The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. |
