| Biozol Catalog Number      | LS-N136249-1                                                                                                                                |
| Supplier Catalog Number    | LS-N136249-1                                                                                                                                |
| Alternative Catalog Number | LS-N136249-1                                                                                                                                |
| Manufacturer               | LifeSpan Biosciences                                                                                                                        |
| Category                   | Molekularbiologie                                                                                                                           |
| Species Reactivity         | Mouse                                                                                                                                       |
| Product Description        | Mouse RAB14 Expression-Ready ORF Clone in Lentiviral Expression Vector pLV-C-GFP, with C-Terminal GFP tag. Approximately 10 ug per unit.... |
| Concentration              | Worldwide                                                                                                                                   |
| NCBI                       | <a href="#">136249</a>                                                                                                                      |
| UniProt                    | 51552                                                                                                                                       |
| Purity                     | The insert is confirmed by full-length sequencing with the sequencing primers listed.                                                       |
| Form                       | Lyophilized                                                                                                                                 |
| Application Notes          | Most commercially available competent cells are appropriate for propagation of the plasmid, e.g. TOP10, DH5a, and TOP10F.                   |
