| Article Name               | Human GOB5 / CLCA1 Protein (Recombinant His, N-Terminal) (aa416-670) - LS-G133749                                                   |
| Biozol Catalog Number      | LS-G133749-500                                                                                                                      |
| Supplier Catalog Number    | LS-G133749-500                                                                                                                      |
| Alternative Catalog Number | LS-G133749-500                                                                                                                      |
| Manufacturer               | LifeSpan Biosciences                                                                                                                |
| Category                   | Proteine/Peptide                                                                                                                    |
| Product Description        | CLCA1 (Calcium-activated chloride channel regulator 1) is a member of the calcium sensitive chloride conductance protein family.... |
| Molecular Weight           | 28kDa                                                                                                                               |
| Tag                        | His, N-Terminal                                                                                                                     |
| NCBI                       | <a href="#">1179</a>                                                                                                                |
| Source                     | E. coli                                                                                                                             |
| Purity                     | Greater than 97%                                                                                                                    |
| Form                       | Lyophilized from 20mM Tris, 150mM NaCl, pH 8.0, containing 5% Trehalose, 0.05% Sarcosyl.                                            |
