| Manufacturer               | Biorbyt                                                                                                                                                                                 |
| Category                   | Kits/Assays                                                                                                                                                                             |
| Application                | ELISA                                                                                                                                                                                   |
| Species Reactivity         | Rabbit                                                                                                                                                                                  |
| Product Description        | Rabbit Plasminogen activator inhibitor 1 (PAI-1) ELISA Kit...                                                                                                                           |
| Application Notes          | Detect Range: 0.781-50 ng/mL. Sensitivity: 0.29 ng/mL. Assay Time: 1-4.5 h. Detection wavelength: 450 nm. Sample Volume: 1-200 µL. Sample Type: Serum, Plasma, Other biological fluids. |
