| Host                       | Mouse                                                                                                                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                                                                                                                  |
| Application                | ICC, IHC                                                                                                                                                                                                                                    |
| Species Reactivity         | Human, Mouse, Rabbit, Rat                                                                                                                                                                                                                   |
| Immunogen                  | Fusion protein amino acids 84-309 (SH3/PDZ domains) of rat Shank2 (accession number Q9QX74) produced recombinantly in E. Coli                                                                                                               |
| Conjugation                | FL550                                                                                                                                                                                                                                       |
| Product Description        | Our Anti-Shank2 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N23B/6. It detects human, mouse, and rat Shank2, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                  |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                   |
| Clone Designation          | [N23B/6]                                                                                                                                                                                                                                    |

|                  |                                      |
|------------------|--------------------------------------|
| Molecular Weight | 160 kDa                              |
| Isotype          | IgG1                                 |
| UniProt          | <a href="#">Q9QX74</a>               |
| Buffer           | PBS with 0.09% azide                 |
| Purity           | Purified by Protein A chromatography |
| Form             | Purified by Protein A chromatography |
| Target           | Shank2                               |
| Antibody Type    | Primary Antibody                     |
